

CURRICULUM VITAE

Prof. Bianchi Méndez

Date of birth: 31 January 1965, Spain

Name and address of institution: Universidad Complutense de Madrid, Physics Faculty, Dpt. Materials Physics, 28040 Madrid (Spain). Telephone: +34 913944746 Fax: +34913944547

Email: bianchi@fis.ucm.es website: www.bianchimendez.es

Present position: Full Professor in Materials Science at Universidad Complutense of Madrid

Academic Degrees and Positions:

Full Professor in Materials Science from 2007.

Associate Professor in Solid State Physics at University Complutense (1997-2007)

Assistant Professor in Materials Science at Universidad Complutense (1988-1997)

PhD degree in Physics, Universidad Complutense, 1991.

Graduate in Physics, (Specialist: Materials Physics) Universidad Complutense, 1987

Research lines:

Optical properties of semiconducting materials: luminescence and waveguiding behavior. Defect related physical properties of crystals. Application of advanced scanning electron microscopy techniques to characterization of electronic materials: Cathodoluminescence. Electron Beam induced Current. Tunneling spectroscopy.

Semiconducting oxides. III-V and II-VI semiconductors. Synthesis of elongated semiconductor nano- and microstructures. Nanowires. Doping of nanostructures. Physical properties of semiconductor nanowires.

Research projects:

Research member of 27 projects funded by the Ministry of Education and Science in the Physics and Materials programs in the periods 1991-1994, 1994-1997, 1997-2000, 2000-2003, 2003-2006, 2006-2009, 2009-2012 and 2012-2016. Bilateral projects funded by the Ministries of Education and Science and of Foreign Affairs, with Germany (1989-1991) Portugal (1995) Italy (1994-1995) France (1998) as well as 2 projects funded by Madrid regional government (2005-2009). I have been participated in an EU Training Site project (2002-2005) and in an EU Research Training Network (2002-2005). Principal researcher of a bilateral project with Portugal (2009-2011).

Other research activities

Director of 4 Ph.D thesis in the field of Materials Physics.

Director of 2 Laurea thesis in the field of Materials Physics.

Director of 6 Research projects in the Master of Applied Physics and Materials Engineering.

Supervisor of the research work of 4 predoc Fellows in the framework of European training projects for 42 months.

Symposium organizer of the Conference on Beam Injection Asessment of Microstructures in Semiconductors in 1996 and 2008 and Guest editor of their corresponding special issues of Materials Science and Engineering B 42 (1996) and Superlattices and Microstructures 45 (2009).

Chairperson of Symposium P: Functional Nanowires: Synthesis, Characterization and Applications within the 2013 E-MRS Spring Meeting.

Evaluation expertise

Member of evaluation panels for:

- INTAS projects (2003, 2005 and 2006)
- European FP7 cooperation projects (2009).
- ERA- NET Russia projects 2010 and 2011.
- Eurasia Foundation (2010 and 2011).

Regular evaluator for the National Evaluation Agency for national research projects since 2006.

Regular referee activities for several publications in the field of Materials Science and Applied Physics.

Publications

B. Méndez has co-authored 107 publications as senior researcher in international journals on Materials Science and Applied Physics with an overall of 805. Index h = 16. She has more than 115 contributions to international conferences including 12 invited talks.

Publications since 2009:

1. G. Martínez-Criado, J. Segura-Ruiz, M.-H. Chu, R. Tucoulou, I. López, E. Nogales, B. Méndez and J. Piqueras, "Crossed Ga₂O₃/SnO₂ multiwire architecture: a local structure study with nanometer resolution" *Nano Letters*, 14, 5479-5487 (2014).
